Subject:- Professional Examination.
Passing of by Executive Engineers,
appointed by Direct Recruitment.

Reference:- Government Resolution,Public Works -
1.75. Department No.S.55/2-II dated 21-6-1951

Sir,

According to the resolution 1.75 referred to above, eight Executive Engineers between ages 40 and 45 have been exempted from Professional Examination except - in the subject of "Accounts".

2. Cases of two Executive Engineers are still under consideration with Government. All the other Executive Engineers below the age of 45 except those covered by the two cases as above are required to pass the full examination as required by rules.

3. I happen to be one in this last catogory. I have however to request you to please exempt me from the - Professional Examination for the following reasons in brief.

(i) I was elected an A.M.Inst.C.E.(London) only after having passed in all the three sections viz., A,B & C of the Associate Membership Examinations of that Institution. All the three sections include only - technical subjects usually covered by the Departmental Professional Examinations.

(ii) I have been placed on a huge construction - charge viz., the Neersagar Scheme besides the Public Health Schemes in the Bombay Karnatak, without any - Personal Assistant to assist me in dealing with day to day routine as well as the special type of technical work usually common with original works of the magnitude of Neersagar. As it is, I am required to work on almost all Sundays and Holidays & I shall be hardly getting any time for studies.

4. Along with the eight Executive Engineers referred to above, I hope my case will meet with your favourable - consideration.

Yours faithfully,

Executive Engineer,
Karnatak Public Health Works Division.
